

## Determining Your Ring Size

### CONFIRMING YOUR PRINT SIZE

Ring sizes are VERY precise. To ensure an accurate measurement, please follow these instructions carefully.

**BEFORE PRINTING**, ensure that **Page Scaling** is set to "none" in your print dialog box. (To open the print dialog box, press CTRL+P).

**AFTER PRINTING**, measure the bar on the right. It must be exactly 1 inch or 20 mm long. Alternatively, place a 20c coin where indicated. It should fit over the image perfectly.

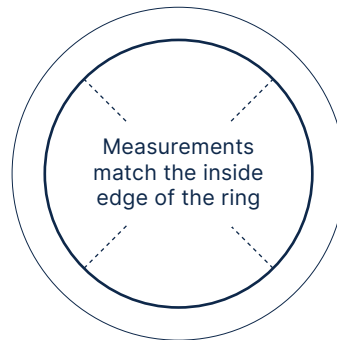

### MEASURE A CURRENT RING

Select a ring that properly fits the intended finger.

Place the ring over the circles below. Match the **INSIDE EDGE** of the ring to the circle nearest in size. This measurement refers to the inside **DIAMETER** of the ring.

If the Ring falls between two sizes, order the larger size.
